THE OFFICIAL NEWSLETTER FOR BOURTON AND BILBURY LODGE

STRATTON COURT  
CIRENCESTER

## MAY'S NEWS

Happy May! We are starting to see warmer days, but not quite clear of those frosty colder nights. Hopefully May will truly welcome in those warm days which we so fondly enjoyed last year! We have two Bank Holiday weekends in May, which are 3<sup>rd</sup> and 31<sup>st</sup> May.

## A NOTE FROM SACHIN

“With the easing of lockdown restrictions, we will be looking at reviewing the visiting procedures into the home and village.

We will now be able to safely reduce restrictions on activities such as the use of restaurant facilities which can be made available on the private patio outside the restaurant for up to six people at any one time.

Our shop is open as is the hairdresser who can be booked in via Libby at reception. The gym is also open for those wanting to exercise.

We will now also be able to pursue summer activities in the garden, and this includes exciting things such as BBQ's. However, all of these things will need to be booked in advance via the reception.

As most of the village residents have had both vaccines, we can look forward to more events and we also are excited to welcome the new Village Manager, Pat Jobson, who is starting in July.

As always, we value your opinions and input, so please feel free to feedback on ways we can improve our wonderful Village.”

## STAFF UPDATE

Village Manager feedback was really valuable and we have chosen Pat Jobson who hopes to start in July 2021.

Libby has returned from her annual leave and we are thrilled to see her smiling face again. Please note, she normally has off every Sunday and Monday.

Doriana has left and we wish her well in her new position and Carolina has joined the accounts team.

IF ANYONE HAS ANY  
QUESTIONS ABOUT THE  
LOCKDOWN AND THE  
RULES, PLEASE DO NOT  
HESITATE TO CONTACT US  
AT RECEPTION

## A NOTE FROM STEFAN AND THE KITCHEN TEAM

The take out menu has been working well and we have had been getting lots of orders from the Village.

We are looking forward to welcoming you back to our restaurant soon. N and are exploring the option of outdoor dining for you. Due to it being still rather cold, we would welcome feedback as to whether this is something you would like to do, or wait until either the weather warms up or you can dine inside. Please do let us know.

The latest menu for the month ahead will be printed for you on Monday and will be available for pre order, and the stag menu of light bites and sandwiches can be order whenever you choose.

Don't forget to let us know if you have a special occasion coming up and we would love to help cater that whether it be a simple cake, or something more indulgent.

### APRIL'S ANSWERS

Logic puzzle of the day:

5 pirates of different ages have a treasure of 100 gold coins. On their ship, they decide to split the coins using this scheme: The oldest pirate proposes how to share the coins and ALL pirates (including the oldest) vote for or against it.

If 50% or more of the pirates vote for it, then the coins will be shared that way. Otherwise the pirate proposing the scheme will be thrown overboard, and the process is repeated with the pirates that remain.

As the pirates tend to be a bloodthirsty bunch, if a pirate would get the same number of coins if he voted for or against a proposal, he will vote against so that the pirate who proposed the plan will be thrown overboard.

Assuming that all 5 pirates are intelligent, rational, greedy and do not wish to die (and they are rather good at maths for pirates) what will happen?

Answer: The oldest pirate will propose a 98:0:1:0:1 split, in other words the oldest pirate gets 98 coins, the middle pirate gets 1 coin and the youngest gets 1 coin.

Let us name the pirates (from oldest to youngest): Alex, Billy, Colin, Duncan and Eddie.

Working backwards:

2 Pirates: Duncan splits the coins 100:0 (giving himself all the gold). His vote (50%) is enough to ensure the deal.

3 Pirates: Colin splits the coins 99:0:1. Eddie will accept this deal (getting just 1 coin), because he knows that if he rejects the deal there will be only two pirates left, and he gets nothing.

4 Pirates: Billy splits the coins 99:0:1:0. By the same reasoning as before, Duncan will support this deal. Billy would not waste a spare coin on Colin, because Colin knows that if he rejects the proposal, he will pocket 99 coins once Billy is thrown overboard. Billy would also not give a coin to Eddie, because Eddie knows that if he rejects the proposal, he will receive a coin

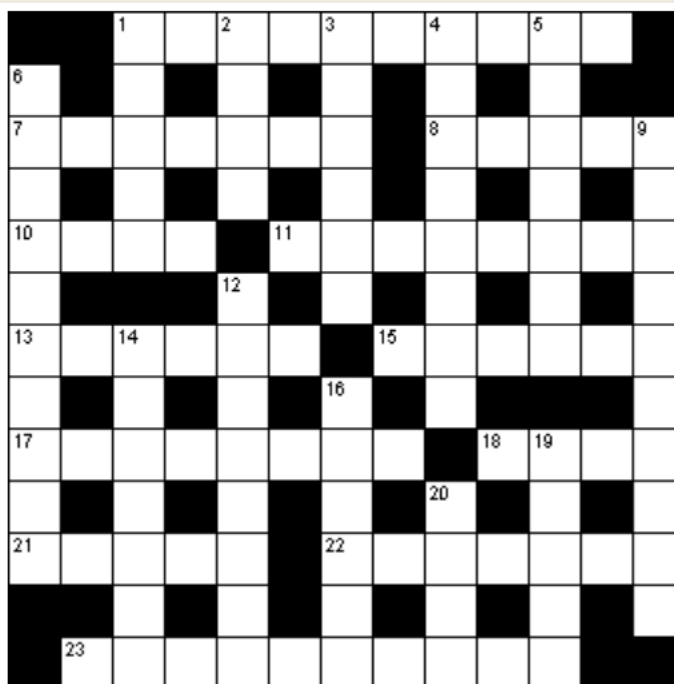

from Colin in the next round anyway.

5 Pirates: Alex splits the coins 98 : 0 : 1 : 0 : 1. By offering a gold coin to Colin (who would otherwise get nothing) he is assured of a deal.

(Note: In the final deal Alex would not give a coin to Billy, who knows he can pocket 99 coins if he votes against Alex's proposal and Alex goes overboard. Likewise, Alex would not give a coin to Duncan, because Duncan knows that if he votes against the proposal, Alex will be voted overboard and Billy will propose to offer Duncan the same single coin as Alex. All else equal, Duncan would rather see Alex go overboard and collect his one coin from Billy.)
